- 5. THE PROCEDURE AND INSTRUCTIONS FOR MEMBERS FOR VOTING ELECTRONICALLY ARE AS UNDER:**
- i) The voting period begins on Wednesday, August 28, 2024 at 9.00 a.m. to Friday, August 30, 2024 at 5.00 p.m. During this period shareholders of the Company holding shares either in physical form or in dematerialized form, as on the cut-off date Friday, August 23, 2024 may cast their vote electronically. The e-voting module shall be disabled by NSDL for voting thereafter.
- ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting.
- iii) In compliance with the provisions of Section 108 of the Companies Act, 2013 read with the Companies (Management and Administration) Rules, 2014 and pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 09, 2020, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its

shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholder's/ retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (hereinafter referred as 'ESPs') providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all the Demat account holders, by way of a single login credential, through their Demat accounts/ websites of Depositories/ Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process. Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

- iv) Those Members who will be present in the Annual General Meeting physically and have not cast their vote on the Resolutions through remote e-Voting and are otherwise not barred from doing so, shall be eligible to vote at the Annual General Meeting.
- v) Any person, who acquires shares of the Company and becomes a Member of the Company after sending of the Notice and holds shares as of the cut-off date, may obtain the login ID and password by sending a request at helpdesk.evoting@cdslindia.com by mentioning their Demat account number/ folio number, PAN, name and registered address. However, if he/ she is already registered with NSDL for remote e-Voting then he/ she can use his/ her existing User ID and password for casting the vote.
- vi) A person who has acquired the shares and has become a member of the Company after the dispatch of the Notice of the Annual General Meeting and prior to the Cut-off date i.e., Friday, August 23, 2024 shall be entitled to exercise his/her vote at the Annual General Meeting.
- vii) In terms of SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 9th December, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in Demat mode are allowed to vote through their Demat account maintained with Depositories and Depository Participants. BUSINESS PROFILE OF THE COMPANY:

The Company is a Registered as Non-Banking Finance Company (NBFC) with Reserve Bank of India and presently carrying out the business activities relating to investment and loan Company under the prescribed guidelines of RBI.

INDIAN ECONOMY:

Indian economic Review:

Following a successful moon mission and hosting the G20 Summit, India is positioned to emerge from 2023 with increased stability and optimism for its growth and future prospects. The country's attractiveness as an investment destination remains robust, given the size and scale of operations it has to offer to global companies, abundant skilled talent pool, and prowess in technology and innovation. India's Nifty 50 index, hit a new high, up 16% this year. It surpassed Hong Kong's Hang Seng index, which fell 18% stock market is now the seventh largest with a market capitalization of US\$3.989 trillion. High performing sectors predicted for 2024 include banking, healthcare, and energy. India's ease of doing business reforms centered on streamlining and digitizing regulatory compliance processes throughout the entire business lifecycle, spanning from incorporation to the cessation of operations. Furthermore, the 2023 survey conducted by the United Nations Economic and Social Commission for Asia Pacific (UNESCAP) on digital and sustainable trade facilitation positioned India as a leader in global trade facilitation efforts, achieving an impressive score of 93.55% in 2023 compared to 90.32% in 2021. India's combined exports of merchandise and services for April- October 2023 was estimated at US\$437.54 billion.

The Asian Development Bank (ADB) upgrades India's gross domestic product (GDP) growth forecast for fiscal year (FY) 2024 ending on 31 March 2025 from 6.7% to 7% and 7.2% in FY2025, driven by robust public and private investment and strong services sector. The triggers for growth in FY2024 will come from higher capital expenditure on infrastructure development both by central and state governments, rise in private corporate investment, strong service sector performance and improved consumer confidence.

The Government of India's efforts to boost infrastructure development while undertaking fiscal consolidation and provide an enabling business environment will help in increased manufacturing competitiveness to augment exports and drive future growth

Outlook:

The government's focus on fiscal consolidation, with a targeted deficit of 5.1% of GDP for FY2024 and 4.5% for FY2025, will enable the government to reduce its gross marketing borrowing by 0.9% of GDP in FY2024 and create further room for private sector credit. India's current account deficit will widen moderately to 1.7% of GDP on rising imports for meeting domestic demand. Foreign direct investment will be affected in the near term due to tight global financial conditions but will pick up in FY2025 with higher industry and infrastructure investment. Goods exports will also be affected by lower growth in advanced economies but pick up in FY2025 as global growth improves.

NBFC SEGMENT IN INDIA:

NBFCs have become a trusted and dependable source of financing for a diverse array of individuals and businesses, including small and medium-scale enterprises, as well as those who have been traditionally left out of the financial system. With their extensive reach, tailored approach to assessing financial needs, and quick processing times, NBFCs have been able to cater to a wide range of borrowers' debt capital requirements in a highly efficient and seamless manner. In the FY 2023-24, NBFCs have prioritized technology-driven distribution and financial inclusion, setting the stage for continued technological advancement in FY 2024-25. As of 2023, the NBFC sector has reached an impressive size of USD326 billion, underscoring its expanding influence in the financial domain.

The sector has also shown resilience in terms of sound capital position, improved asset quality, adequate provisioning and higher profitability. Furthermore, the sector has leveraged digitisation to offer alternative financing options, especially to the MSMEs, which face challenges in obtaining loans for traditional banks. As of 30th September 2023, there were a total of 9,356 NBFCs registered with the Reserve Bank of India (RBI). Since the implementation of Scale Based Regulation (SBR), NBFCs have been segregated into four layers, namely, a Base Layer (NBFC-BL), a Middle Layer (NBFC-ML), an Upper Layer (NBFC-UL) and a Top Layer (NBFC-TL), based on size, activity, and the perceived level of riskiness. As of the end of March 2024, the aggregate credit extended by Non-Banking Financial Companies (NBFCs) in India showed significant growth. The total credit extended by NBFCs reached Rs.30.8 lakh crore, marking a robust expansion driven by strong performances across various sectors, particularly personal loans and loans to the industrial sector. NBFCs co-lending AUM which is nearing Rs.1-lakh crore is also expected to grow by 35-40% in medium term. Co-lending AUM of NBFCs' is estimated to be around Rs. 75,000 crore as of September 2023, up from Rs. 55,000 crore in March 2023. Personal loans account for a third of overall co-lending AUM across the industry, followed by housing loans at around 20% and unsecured MSME loans and gold loans at 13% each. Secured MSME (including loans against property) and vehicle loans comprise the remaining 20%. The total GNPA ratio of NBFCs improved to 4.6% in September 2023, down from 5.9% in September 2022. Notably, the personal loans segment which experienced rapid growth in recent years, reported the lowest GNPA ratio at 3.6% as of September 2023. The GNPA ratio for industrial advances made by private NBFCs stood at 12.5%, representing 21.6% of the overall GNPA of the NBFC sector. The borrowing cost or cost of funds for NBFCs increased sharply by 25-50 bps (basis points) over the last quarter of fiscal 2024. It is expected that the increased cost of funds should result in some compression in net interest margins (NIMs).

Overall NBFC credit during fiscals 2019 to 2023, witnessed a CAGR of ~10% which was majorly led by retail segment which accounts for ~47% of overall NBFC credit and witnessed a CAGR of ~13%, while NBFC non-retail credit witnessed a growth of ~8% during the same period. Going forward, growth in the NBFC retail segment is expected at 18-19% CAGR between fiscals 2023-25 which is expected to support overall NBFC credit growth, with continued focus on the retail segment and multiple players announcing plans to reduce wholesale exposure, the retail

segment's market share is expected to rise further to 48% (vs the wholesale's 52%) by end of FY24 and remain stable in FY25.

EMERGING TRENDS IN THE FINANCIAL SERVICES INDUSTRY:

- Simplifying digitalization – Business is becoming more about the user experience. Automated user interfaces can go a long way in aiding this transformation, and implementing digitalization is key to making it happen. The upcoming year will be about the simplification of processes and digitalization.
- Banking regulations – 2018 will be a turning point in financial regulation. Alongside General Data Protection Regulation (GDPR) and Markets in Financial Instruments Directive (MiFID II), the requirements for central clearing and the second Payments Services Directive (PSD2) will bring out significant changes to the banking environment, with the visionaries emerging as the winners.
- FinTech collaboration - One of the largest technology revolutions in banking in recent years has been the use of advanced data analytics techniques to nail rogue trading activities within banks. In 2018, banks will have to decide whether to service clients in-house or through a third party, to stay competitive.

HUMAN RESOURCE:

- Your Company believes that people perform to the best of their capability in organizations to which they feel truly associated. Your Company focuses on widening organizational capabilities and improving organizational effectiveness by having a competent and engaged workforce. Our people are our partners in progress and employee empowerment has been critical in driving our organization's growth to the next level.

INTERNAL CONTROL:

- The Company has put in place an adequate internal control system to safeguard all its assets and ensure operational excellence. The system also meticulously records all transaction details and ensures regulatory compliance. The Company also has a team of internal auditors to conduct internal audit which ensure that all transactions are correctly authorized and reported. The reports are reviewed by the Audit Committee of the Board. Wherever necessary, internal control systems are strengthened, and corrective actions initiated.

CAUTIONARY STATEMENT:

- Certain statements in the Management Discussion and Analysis describing the Company's objectives, predictions may be "forward-looking statements" within the meaning of applicable laws and regulations. Actual results may vary significantly from the forward-looking statements contained in this document due to various risks and uncertainties. These risks and uncertainties include the effect of economic and political conditions in India, volatility in interest rates, new regulations and Government policies that may impact the Company's business as well as its ability to implement the strategy. The Company does not undertake to update these statements.

RISK MANAGEMENT:

Risk management is an integral part of the Company. Credit Risk, Interest Rate Risk, Market Risk, Liquidity Risk, and Operational Risk are the primary hazards. If these risks are not successfully managed, they could affect Company's financial stability and operations. Keeping this in mind, the Company consistently enhances and applies the risk management policies and procedures for the efficient execution of all its operations.

The primary purpose of risk management processes is to efficiently measure and monitor risks and contain them within acceptable limits.

Credit Risk:

Credit risk is the prospect of losses resulting from a decline in the creditworthiness of borrowers or other counterparties. Credit risk management frameworks, rules, processes, and systems are in place for the Company. The Company's loan/collateral evaluation system and procedures are highly organized. The process of evaluating

the creditworthiness of customers, a clear and fair assessment of the collateral, and prudential loan-to-value limitations, prudential individual and group exposure restrictions, industry limits, etc. are essential to the management of credit risk. The management of credit risk also involves exposure caps based on borrower group, region, and industry. Credit Risk Management also includes portfolio diversification, monthly post-disbursement monitoring, credit audits, borrower relationship management, and remedial action.

Operational Risk:

Operational risks are those that result from insufficient or failed internal procedures, people, and systems, or from external events. As a part of the Company's lending operations, the Company uses decentralized loan approval technologies to facilitate a quick loan approval procedure. The Company is under process to develop clearly defined loan approval processes and procedures to mitigate operational risks. The Company carries out Investment and major part of such investment activities are done in listed company and have a vision of short term as well as long term. Market volatility and sometime analysis to carry investment decision have its risk of financial loss. Generally, the management takes a very analyzed and informed investment decision to mitigate its operational risk. In addition, the Board of Directors has developed a "Whistleblower Policy."

Business Risk:

As an NBFC, the Company is exposed to numerous external risks that have a direct impact on its sustainability and profitability. Industry Risk and Competition Risk are the two most prevalent. The changeable macroeconomic conditions and fluctuating sector dynamics in many commercial segments may lead to loan asset impairment. The Company has a team whose responsibility is to regularly study economic and sector trends. Due to rising competition in the financial markets, the Company's business growth is contingent on its capacity to compete. In accordance with market trends and practices, the Company has designed customized loan products to increase market penetration.

Regulatory Risk:

The Company strictly adheres to and complies with all periodic regulations imposed by regulators such as the RBI and SEBI. The Company has zero tolerance for noncompliance with regard to the Capital Adequacy, Fair Practices Code, Asset Classification and Provisioning Norms, and filing of all mandatory returns to authorities.

The recent proposal of the RBI to close the regulatory gap between large, systemically significant NBFCs and banks may result in NBFC adopting regulations similar to those of banks.

External Risk:

Ukraine Conflict has had a global effect on the credit market, resulting in surging commodities prices and expansive financial sanctions that threaten the world economy that already weakened by the Covid-19 outbreak.

Human Resource:

The Company's success depends on the Company's employees. The Company believes that individuals achieve at their highest level in companies with which they sense a true connection. The personnel' abilities, expertise, diversity, and productivity enables the Company to fulfil its obligations. The Company focuses on expanding organizational abilities and enhancing organizational efficacy by employing competent and motivated workers. Employee empowerment has been essential to propelling the Company to the next level of development. Additionally, the Company defines and adopts best industry practices relating to Health, Safety, Security, and Environment, which define the core of its business and ensure the development of a culture in which its workers drive these standards.

Internal Control:

The Company has implemented a sufficient system of internal control to preserve all of its assets and guarantee operational excellence. Additionally; the system precisely documents every transaction detail and assures regulatory compliance. Further, the Company employs staff of internal auditors to ensure that all transactions are correctly authorized and reported. The Board's Audit Committee evaluates the reports. Where required, reinforce internal control systems and initiate corrective actions.

Cautionary Statement:

Certain statements in the Management Discussion and Analysis describing the Company's objectives, predictions may be 'forward looking statements' within the meaning of applicable laws and regulations. Actual results may vary significantly from the forward-looking statements contained in this document due to various risks and uncertainties. These risks and uncertainties include the effect of economic and political conditions in India, volatility in interest rates, new regulations and Government policies that may impact the Company's business as well as its ability to implement the strategy. The Company does not undertake to update these statements.

INDEPENDENT AUDITORS'REPORT

**To the members,
Rajkot Investment Trust Limited**

Opinion

We have audited the standalone financial statements of **Rajkot Investment Trust Limited** ("the Company"), which comprise the balance sheet as at 31st March 2024, and the statement of Profit and Loss, (statement of changes in equity) and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, and profit, (changes in equity) and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, (changes in equity)¹ and cash flows of the Company in accordance with¹ the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and

completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements, that give a true and fair view, in order to design audit procedures that are appropriate in circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on financial Statements.

Report on Other Legal and regulatory Requirements

1. As required by required by the Companies (Auditor's Report) Order,2020 ("the Order") issued by Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the Annexure-A, a statement on the matters specified in paragraph 3 & 4 of the Order.
2. As required by section 143(3) of the Act, we further report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our Audit;

ANNEXURE-B TO THE AUDITOR'S REPORT

Report on the Internal Financial Controls under Clause (I) of Sub-Section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **M/S Rajkot Investment Trust Limited** ("the Company") as on 31st March 2024 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

MANAGEMENT RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the designs, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing issued by ICAI and deemed to be prescribed under section 143 (10) of the Companies Act 2013, to the extent applicable to an audit of internal financial controls-both applicable to an audit of Internal Financial Controls and both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the Audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that in reasonable detail, accurately and fairly reflect the transactions and disposition of the assets of the Company. (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide

reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2024, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

RAJKOT INVESTMENT TRUST LIMITED

Notes to Standalone Financial Statement For The Year Ended March 31, 2024

1 CORPORATE INFORMATION

Rajkot Investment Trust Limited is a Company limited by shares, incorporated on 29/06/1982 and is domiciled in India. The Company is engaged in the business of lending. The Company has its Registered Office at 526, Star Chambers, Harihar Chowk, Rajkot, Gujarat, India and its principal place of business at M-23, Super Tex Tower. Opp., Kinney Talkies, Ring Road, Surat- 395002, Gujarat. Company is Registered with Reserve Bank of India (RBI) with effect from 05.08.1999 as non-deposit taking NBFC.

2 BASIS OF PREPARATION

i. Statement of Compliance

The financial statements have been prepared in accordance with Indian Accounting Standards (Inds AS) as per the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time and notified under section 133 of the Companies Act 2013 (the Act) along with other relevant provisions of the Act and the Master Direction - Non Banking Financial Company-Systemically Important Non-Deposit taking Company and Deposit taking Company (Reserve Bank) Directions, 2016 ("the NBFC Master Directions") issued by the RBI. The financial statements have been prepared on a going concern basis. The Company uses accrual basis of accounting except in case of significant uncertainties.

For the period up to and including the year ended 31st March 2017, the Company has prepared its financial statements in accordance with accounting standards notified under section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules 2014 and Companies (Accounting Standards) Amendment Rule, 2016 and NBFC Master Direction (hereinafter referred as previous GAAP). Financial Statements for the year ended 31st March 2018 and onwards are prepared in accordance with Ind-AS.

ii. Presentation of Financial Information

The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income) and the Statement of Changes in Equity are prepared and presented in the format prescribed in Division III of Schedule III to the Companies Act 2013. The Statement of Cash Flow has been prepared and presented as per the requirement of Ind AS. The Financial Statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period as explained in the accounting policies below.

Historic cost is generally based on the fair value of the consideration given in exchange for goods and services at the time of entering into the transaction.

iii. Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such a basis, except for leasing transactions that are within the scope of Ind AS 17, and measurements that have some similarities to fair value but are not fair value, such as value in use in Ind AS 36.

In addition, for financial reporting purposes, fair value measurements are categorized into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

iv Use of Estimates and Judgements

The preparation of the Financial Statements require the Management of the group to make judgements, assumptions and estimates that affect the reported balances of the assets and liabilities and disclosure relating to the contingent liabilities as at the date of the financial statements and reported amounts of income and expenses for the reporting period. The application of accounting policies that require critical accounting estimates involving complex and subjective judgements and the use of assumptions in the Financial Statements have been disclosed as applicable in the respective notes to accounts. Changes in estimates are reflected in the Financial Statements in the period in which changes are made and , if material , their effects are disclosed in the notes to the Financial Statements.

Significant accounting judgements, estimates and assumptions used by management are as below :

- Useful lives of Investment Property and Property Plant and Equipment.
- Fair value measurements.
- Impairment of Financial Assets
- Provisions and Other Contingent Liabilities
- Provision for Tax Expenses

3 SIGNIFICANT ACCOUNTING POLICIES

1 INCOME

i Interest Income

- a)** Interest Income from loan transactions is accounted for by applying the interest rate implicit in such contracts.
- b)** Service charges, documentation charges and other fees on loan transactions are recognized at the commencement of the contract.
- c)** Delayed payment charges, fee-based income and interest on trade advances, are recognized when they become measurable and when it is not unreasonable to expect their ultimate collection.
- d)** Income on business assets classified as Non-performing Assets, is recognized strictly in accordance with the guidelines issued by The Reserve Bank of India for Non Banking Financial Companies. Unrealized Interest recognized as income in the previous period is reversed in the month in which the asset is classified as Non-Performing.

ii Dividend Income

Dividend income on equity shares is recognized when the Company's right to receive dividend is established.

iii Rental Income

Rental is recognized on straight-line basis over the lease term, except for increase in line with expected inflationary cost increase.

iv Fees and Commission

The Company recognizes service and administration charges towards rendering of additional services to its customers on satisfactory completion of service delivery.

v Taxes

Income are recognized net of Goods and Services Tax, wherever applicable

2 EXPENDITURES

i. Finance Cost

Borrowing cost on financial liabilities are accounted for by applying the interest rate implicit in such contracts.

ii Taxes

Expenses are recognized net of Goods and Services Tax, except where credit for the input tax is not statutorily permitted

3 CASH AND CASH EQUIVALENTS

Cash and cash equivalent in the Balance Sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

4 FINANCIAL INSTRUMENTS

Initial recognition

The Company recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are recognized at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities that are not at fair value through Statement of Profit and Loss are added to the fair value on initial recognition. Regular way purchase and sale of financial assets are accounted for at trade date.

Subsequent measurement

Non-derivative financial instruments

Financial assets carried at amortized cost

A financial asset is subsequently measured at amortized cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through other comprehensive income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Further, in cases where the Company has made an irrevocable election based on its business model, for its investments which are classified as equity instruments, the subsequent changes in fair value are recognized in other comprehensive income.

Financial assets at fair value through profit and loss (FVPL)

A financial asset which is not classified in any of the above categories are subsequently fair valued through Statement of Profit and Loss.

Financial liabilities

For trade and other payables maturing within one year from the Balance Sheet date, the carrying amounts approximate the fair value due to the short maturity of these instruments.

5 INVESTMENT IN SUBSIDIARIES

Investments in subsidiaries are carried at cost in the financial statements. Company does not have any subsidiary company.

6 TAXES

i Income Taxes

Income tax expense represents the sum of the tax currently payable and deferred tax.

a. Current tax

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date. Current tax relating to items recognized outside Profit and Loss is recognized outside Statement of Profit and Loss (either in other comprehensive income or in equity). Current tax items are recognized in correlation to the underlying transaction either in OCI or directly in equity.

b. Deferred tax

Deferred tax is recognized on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. However, deferred tax liabilities are not recognized if they arise from the initial recognition of goodwill.

Deferred tax is also not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit (tax loss).

Deferred tax is determined using tax rates (and laws) that have been enacted or substantively enacted by the end of the reporting period and are expected to apply when the related deferred tax asset is realized or the deferred tax liability is settled.

Deferred tax assets are recognized for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilize those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Current tax and deferred tax is recognized in Statement of Profit and Loss, except to the extent that it relates to items recognized in other comprehensive income or directly in equity. In this case, the tax is also recognized in other comprehensive income or directly in equity, respectively.

c. Minimum Alternate Tax (MAT)

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the entity will pay normal income tax. Accordingly, MAT is recognized as an asset under Deferred tax asset/ liability in the Balance Sheet when it is highly probable that future economic benefit associated with it will flow to the entity.

ii Goods and Service Tax

Goods and Service Tax input credit is accounted for in the books of accounts in the period in which the supply of goods or services received is accounted and when there is no uncertainty in availing/utilizing the credits.

7 PROPERTY, PLANT AND EQUIPMENTS

i Property, Plants and Equipment's

are carried at historical cost of acquisition less accumulated depreciation and impairment losses, consistent with the criteria specified in Ind AS Property, Plant and Equipment's.

ii Depreciation method, estimated useful lives and residual values

Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value. Depreciation on property, plant and equipment's is provided using straight line method over the useful lives of assets estimated by the Management. The Management estimates the useful lives for the fixed assets as follows:

Particulars	Useful lives estimated by the management
Computer *	3 years
CCTV Camera	5 Years

* For these class of assets, based on internal assessment and independent technical evaluation carried out by external valuers, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, the Management believes that the useful lives as given above best represent the period over which the Management expects to use these assets. Hence the useful lives for these assets is different from the useful lives as prescribed under Part C of Schedule II to the Companies Act, 2013.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These are included in Statement of Profit and Loss.

In respect of leasehold building, depreciation has been provided over lower of useful lives or leasable period.

8 INVESTMENT PROPERTY

Investment properties are properties held to earn rentals (including property under construction for such purposes). Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are measured in accordance with Ind AS 16's requirements for cost model.

Investment properties are depreciated using written-down value method over the useful lives. Investment properties generally have a useful life of 58-60 years. The useful life has been determined based on internal assessment and independent technical evaluation carried out by external valuer, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement.

For transition to Ind AS, the Company has elected to continue with the carrying value of its investment property recognized as of April 1, 2016 (transition date) measured as per the previous GAAP and use that carrying value as its deemed cost as of the transition date.

An investment property is derecognized upon disposal or when the investment property is permanently withdrawn from use and no future economic benefits are expected from the disposal. Any gain or loss arising on derecognition of the property (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in Statement of Profit and Loss in the period in which the property is derecognized.

9 IMPAIRMENT OF TANGIBLE ASSETS

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognized immediately in Statement of Profit and Loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognized for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognized immediately in Statement of Profit and Loss.

10 PROVISIONS AND CONTINGENCIES

A provision is recognized when the Company has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions (excluding retirement benefits) are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the Balance Sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates. Contingent liabilities are disclosed in the Notes. Contingent assets are not recognized in the financial statements but are disclosed.

11 SHARE CAPITAL

Ordinary shares are classified as equity. Incremental costs directly attributable to the issuance of new ordinary shares are recognized as a deduction from equity, net of any tax effects.

12 DERECOGNITION OF FINANCIAL INSTRUMENTS

The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for de recognition under Ind AS 109. A financial liability (or a part of a financial liability) is derecognized from the Company's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires.

13 IMPAIRMENT OF FINANCIAL ASSETS

The Company recognizes loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through Statement of Profit and Loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognized is recognized as an impairment gain or loss in Statement of Profit and Loss.

14 OPERATING CYCLE AND BASIS OF CLASSIFICATION OF ASSETS AND LIABILITIES

Based on the nature of activities of the Company and the normal time between the acquisition of assets and their realization in cash and cash equivalents, the Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

Current versus non-current classification

The Company presents assets and liabilities in the Balance Sheet based on current/ non-current classification. An asset is treated as current when it is:

- Expected to be realized or intended to be sold or consumed in normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realized within twelve months after the reporting period, or

- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.
All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

15 EARNING PER SHARE

Basic earnings per share have been computed by dividing profit attributable to owners of the Company by the weighted average number of shares outstanding during the year. Diluted earnings per share has been computed using the weighted average number of shares and dilutive potential shares, except where the result would be anti-dilutive.

16 DIVIDENDS

Final dividends on shares are recorded as a liability on the date of approval by the shareholders and interim dividends are recorded as a liability on the date of declaration by the company's Board of Directors.

17 STATEMENT OF CASH FLOWS

Statement of Cash flows is prepared under Ind AS 7 'Statement of Cash flows' specified under Section 133 of the Act. Cash flows are reported using the indirect method, whereby profit / (loss) before tax and is adjusted for the effects of transactions of non-cash nature.

18 SECURITIES PREMIUM

Securities Premium is used to record the premium in issue of shares. It can be utilized only for limited purpose in accordance with the provisions of the Companies Act, 2013.

19 RESERVE FUND IN TERMS OF SECTION 45-I OF THE RESERVE BANK OF INDIA ACT, 1934

Reserve Fund is created as per the terms of section 45-IC(1) of the Reserve Bank of India Act, 1934 as a statutory reserve.

20 GENERAL RESERVE

Amount set aside from retained profits as a reserve to be utilized for permissible general purpose as per Law.
